

I love riding around on my bike to search for clues. Sometimes Symon comes along, too!

**We all scream for ice cream! Can you find all 5 ice cream cones?**

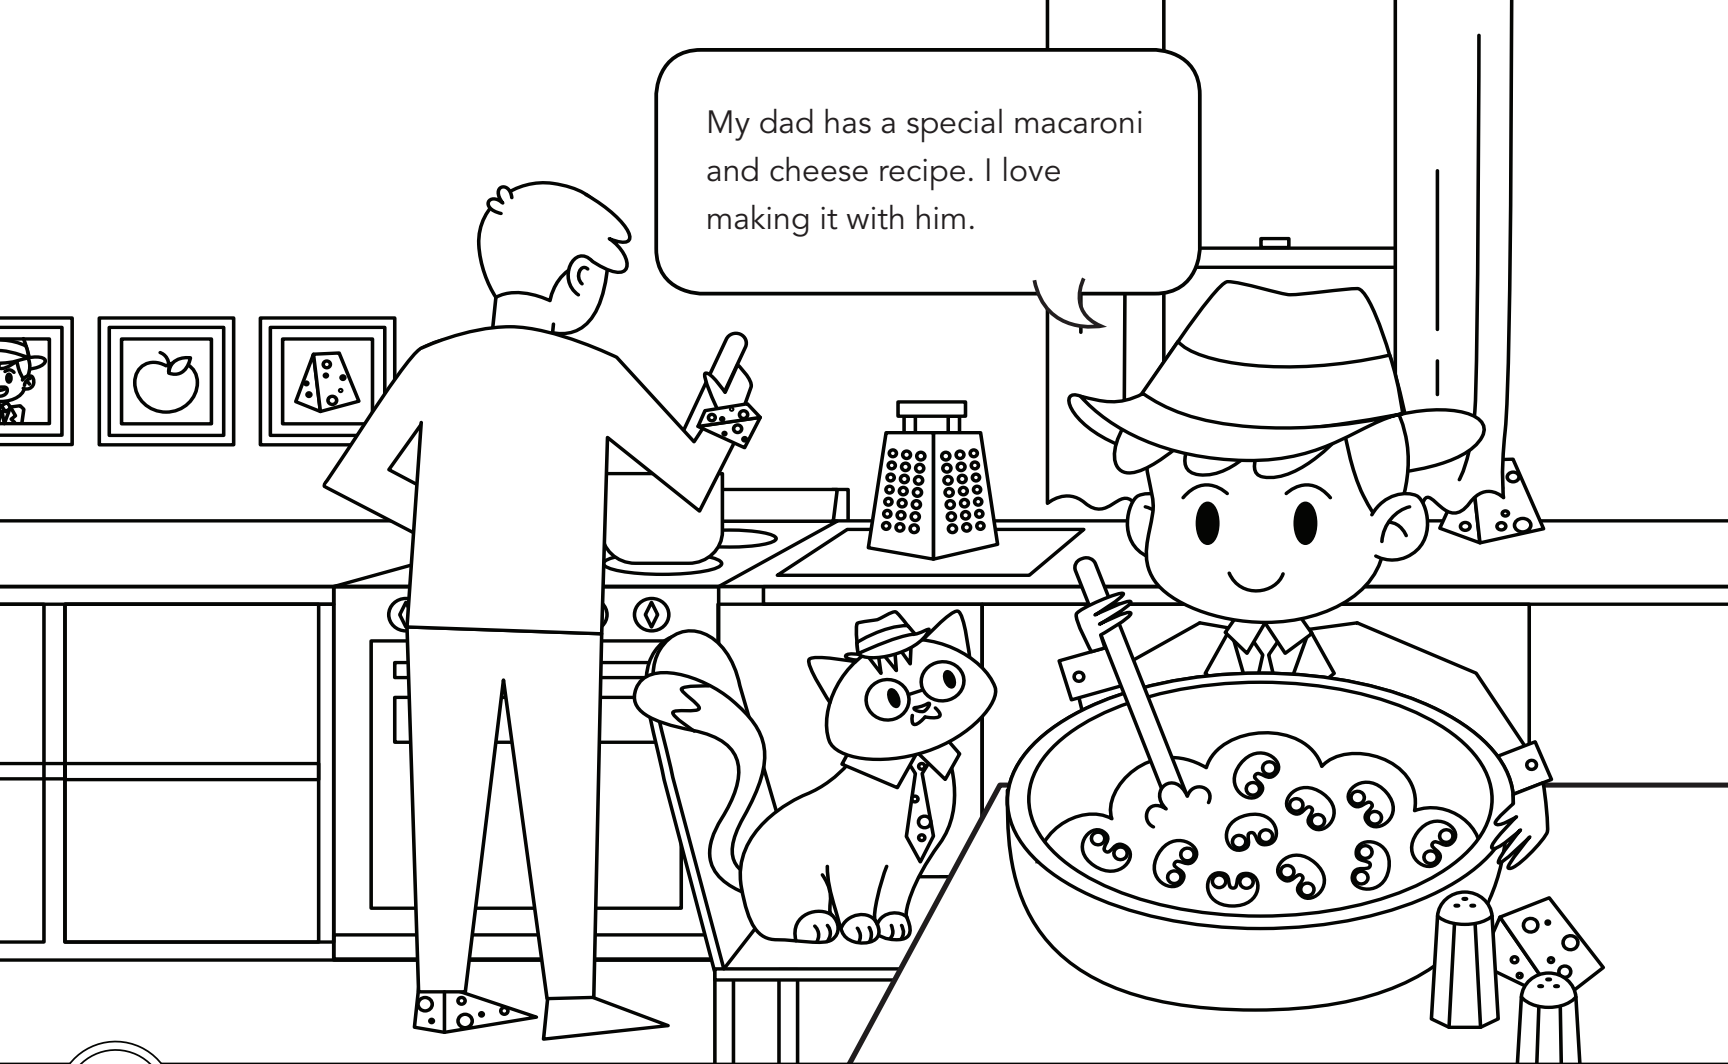

I always wash my hands before and after investigating so I don't spread germs.

Look at all the bubbles! How many can you count?

My dad has a special macaroni and cheese recipe. I love making it with him.

Say cheese! Can you find all 5 blocks of cheese hidden in this picture?
